Interpretation Center "Las Fronteras"

"La Raya", the frontier between Portugal and Spain gathers beautiful stories related to smuggling.

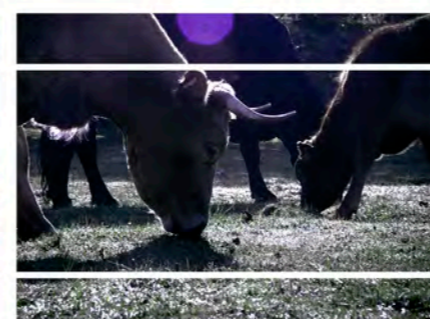

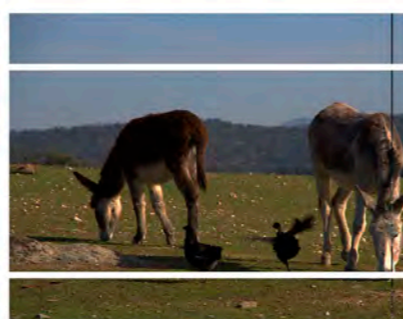

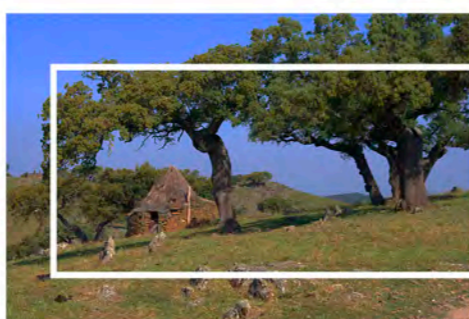

Stories of friendships, cooperation, fraternity between the inhabitants of one and another side that tried to deny a frontier that with the time disappeared. The Interpretation Center from the frontier collects those stories and explains how the concept of frontier developed to what it is today.

GASTRONOMY, CULTURE AND NATURE

Dehesa Fair

The objective of this fair is boosting and promoting the resources of our communal property offers.

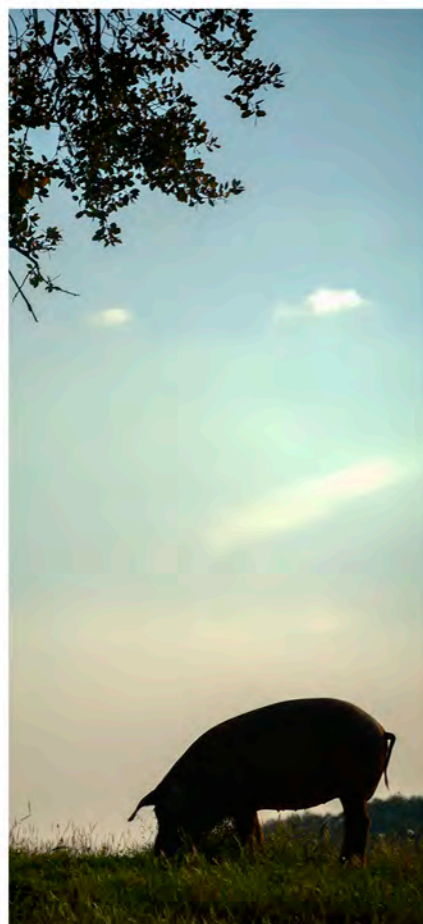

LET YOURSELF BE CARRIED AWAY BY
THE TRADITION AND HISTORY.
FALL IN LOVE WITH THE ENVIRONMENT

Drive into the Extremenian meadow, an enchanted forest where the landscape, the peace and the vestiges of the past, that through the years our ancestors have left, complete an unbeatable offer.

Campo Oliva is a natural museum where we can have the idea of how life was in the countryside observing the numerous shepherds' huts still standing, the ovens, the mills, the fountains or the old headquarters.

These constructions were built following the traditional architectural model, where stones and mud are the basis of these "pieces of art". All these elements that the visitant can find out through the routes complete the charming of the travel.

Those who come and visit would appreciate the respect that the citizens have shown to this nature and culture throughout their lives.
